## MUNICIPAL BY-LAWS.

## THE CORPORATION OF THE DISTRICT OF MAPLE RIDGE.

## BY-LAW No. 255A.

A By-law to provide for draining Parts of District Lots 279 and 280, Group 1, New Westminster District, in the Municipality of Maple Ridge, and for the Borrowing on the Credit of the Municipality the Sum of \$6,246.59 for completing Same.

Provisionally adopted the 23rd day of April, 1949.

WHEREAS two-thirds in number and value of the owners, as shown by the last revised assessment roll, of the property hereinafter set forth to be benefited by the drainage have petitioned the Council of the said Municipality of Maple Ridge, praying that a drainage ditch be constructed through a portion of District Lots 279 and 280, Group 1, New Westminster District, to serve the following described properties:—

All and singular those certain parcels or tracts of land and premises known and described as Lots 89 and 90; Lots 96 to 99, inclusive; Lots 104 to 107, inclusive; Lots 112 to 115, inclusive; Lots 120 to 123, inclusive; Lots 130 to 133, inclusive; Lots 138 to 141, inclusive; Lots 146 to 149, inclusive; Lots 156 to 159, inclusive; Lots 164 to 167, inclusive; Lots 174 to 215, inclusive; Lots 286 to 345, inclusive; Lots 426 to 485, inclusive; Lots 546 to 572, inclusive, all in District Lots 279 and 280, Group 1, Map 114, and Lot 2 of District Lot 279, Group 1, Map 8845, and a 5.02-acre portion of Parcel F of District Lots 278 and 279, Group 1, Map 6261:

And whereas thereupon the said Council procured an examination to be made by Mr. A. Hunter, public engineer, being a person competent for such purpose, of the said locality proposed to be drained and has also procured plans and estimates of the work to be made by the said engineer, and an assessment to be made by him of the land and roads to be benefited by such drainage, stating as nearly as he can the proportion of benefit which, in his opinion, will be derived in consequence of such drainage by every lot, or portion of lot, the said assessment so made being the assessment hereinafter by this by-law enacted to be assessed and levied upon the lots and parts of lots hereinafter in that behalf specially set forth and described, and the report of the said engineer in respect thereof and of the said drainage being as follows:—

In accordance with your instructions we have carried out an examination of portions of District Lots 279, 280, and 281 in the Hammond Townsite for the purpose of providing drainage.

We first investigated the possibility of draining the area by constructing a ditch westwardly and parallel to the Canadian Pacific Railway right-of-way to the Katzie Slough, as suggested by Mr. Bruce Dixon, Dyking Commissioner. We found in taking levels that, although the fall to Katzie Slough was ample for drainage, it was impossible to connect the various streets in the Townsite to the proposed ditch owing to the nature of the ground in the area.

We therefore decided to drain the area southwardly to the Fraser River by constructing ditches on Melville, Charlton, Hampton, Ellham, Kent, and Princess Streets as shown in red colour on the accompanying plan.

This ditch system will terminate at the dyke ditch at Princess and Wharf Streets, where it is proposed to construct a flood gate to the Fraser River.

It is also proposed to install a pump for use during periods of high water at this point.

The drainage ditches will be constructed by the use of Dyking Commission drag-line at a charge of \$6 per hour and will have a bottom width of 4 feet with side slopes of 1:1.

McPherson pressure creosoted timber culverts will be installed at all street intersections, and at all existing property crossings a timber crossing will be installed.

It is our opinion that the drainage scheme as outlined above should give adequate drainage for the area, providing proper maintenance is carried out at all times.
